# ONE AND ONLY

By ASH FOXX

One & only woman...  
A sexy kitty, that get's me dizzy.  
With kisses smoother than Tennessee Whiskey... Ya'll

One & only woman...  
Always ready, slow and steady.  
Hot and heavy in the back of my Chevy,  
jammin' to some Bam a lam whoa black Betty... Ya'll

#### CHORUS

She's my one and only, always on time and never leaves me lonely.  
So cool, she's hotter than the sun.  
She's my one and only woman, always on my mind, got me thinkin' 'bout that

lovin'...  
She's my one and only one..... woman.....

One & only woman...  
She's my hippy, get's high with me...  
Pretty little missy from Mississippi... Ya'll

One & only woman...  
Got me trippin', slowly slippin', so finger lickin' good I just can't stop  
lickin'... Ya'll

One and only woman don't stop what you're doing to me.  
One and only woman, you're everything that I'll ever need.
