# I LIKE IT

By ASH FOXX

Well I've never thought I'd let a woman do the things that you've been  
doin',  
and I've never like to play with fire, 'til I played with you.  
Now, I've had my share of lovin' but that lovin' don't Mean nothin',  
'cause nobody ever did me like you do.

#### CHORUS

Girl you've got me doin' things you know I shouldn't be doin'...  
Everything we do is better than the time before.  
Girl you've got me doin' things you know I shouldn't be doin'...  
but I like it, and you know I wanna do it some more.

I finally found somebody that ain't like everybody.  
A lady that's as crazy as I am.  
What I like about you baby, you ain't scared of taking chances when it  
comes to makin' me feel like a man... (CHORUS)
