LOOK AT YOU

By ASH FOXX

CHORUS

You don't know how I do ya like I do ya,
but I do get you feelin' kind of funny every time I look at you now baby.

(Repeat)

When I look at you...

Tell me baby, what's on your mind when I look in your eyes?

Do ya let me take ya to the other side? All you know is...

CHORUS

When I look at, every time I look at you.

Tell me baby, what do you see when you look at me?

Do you seem to forget reality? All you know is...

CHORUS

When I look at, every time I look at you.
